

# School Overview

Chalmers Road School provides educational programs for students from Kindergarten to Year 12 with a moderate or severe intellectual disability. Students are enrolled from a wide geographical area as well as a diverse cultural and social community.

The school develops personalised plans to assist all students to reach their potential and independence for adult life. Our curriculum follows Board of Studies guidelines and reflects a meaningful and functional teaching and learning program.

The school's motto "*Challenging and Fostering the Individual*" underpins the principles, practices and philosophies of the school where individual welfare in all aspects including education, physical, social, spiritual and cultural, is paramount and all students are challenged to learn, grow and cooperatively participate.

We share strong community values with ongoing support for families and effective partnerships with community.

For further information regarding our Positive Behaviour for Learning Program, please contact the school.

## Positive Behaviour for Learning

# PBL Program

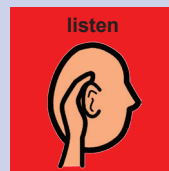

Promoting positive behaviour choices are the main focus of Positive Behaviour for Learning at Chalmers Road School. Students are supported to make these choices through actively participating in high quality educational programs at school.

These programs embed the **Give Me 5 Rules** across all key learning areas and form a consistent school wide approach to learning appropriate social behaviours across contexts. Students are empowered with skills to be successful communicators in the environment.

Students have been involved in creating the learning context behind the **Give Me 5 Rules**, including singing and recording the school song, creating posters promoting the rules and using the visual support tools to demonstrate the rules in action, providing them with a sense of ownership of their rules in their school.

PBL at Chalmers Road School is a positive program that equips students with the skills to make choices to complement their learning in a supportive and caring environment.

## Positive Behaviour for Learning
